Adebowale Rasheed

I am a productive individual with a relentless pursuit of learning to continually enhance my skills. I firmly believe that learning is a perpetual journey, considering the dynamic nature of the world and its constant evolution. Each day presents new growth opportunities, and I am committed to staying abreast of the latest developments to remain at the forefront of my field.

Throughout my professional journey, I've honed my skills in mobile app development using the Flutter framework, demonstrating adaptability and a proactive approach in a fast-paced environment. My experience encompasses diverse projects, including creating a property investment application, "Maihomm," for WildFire Business Solutions. I am adept at using technologies like Dio, HTTP for API consumption and GetX, Provider for state management and dependency injection.

Given the chance, I am eager to contribute my skills and showcase my ability to thrive in challenging environments, demonstrating a commitment to perpetual learning and delivering impactful solutions.

EXPERIENCE

Cloud Ethusiast, QB Canada — *Lead Developer*

AUGUST 2024 - PRESENT

In my role as a Lead Developer at Cloud Ethusiast, I led a dynamic team of mobile, backend and frontend developers to build various innovative projects. I spearheaded the development of several applications and ensured a standard of well-written and organized code.

I adhered to Agile methodologies having weekly sprint reviews and daily standups, while using Atlassian(Jira) to track progress and maintain a transparent and organized work environment. I ensured bitbucket repositories were constantly updated, reviewed and merged accordingly.

Gemeaux World Global Resources, QB Canada — *Mobile App Developer*

JANUARY 2024 - AUGUST 2024

In my role as a Mobile Application Developer at Gemeaux World Global Resources Corp, I have worked on several projects where I spearheaded the development of various applications, including a cutting-edge community management application, and a photo service application.

Proficient in Flutter, I ensured a seamless cross-platform experience, converting the designs into well-written and organized code and integrating essential packages in the application.

Adhering to Agile methodologies, I made use of Atlassian(Jira) to

WildFire Business Solutions, Nigeria — *Mobile App Developer(Contract)*

OCTOBER 2023 - DECEMBER 2023

In my role as a contracted Mobile Application Developer at WildFire Business Solutions, I spearheaded the development of **Maihomm**, a cutting-edge property investment application.

Proficient in Flutter, I ensured a seamless cross-platform experience, integrating essential packages such as Dio for API consumption and GetX for state management and dependency injection.

Adhering to Agile methodologies, I successfully navigated evolving project requirements, showcasing adaptability and versatility in a dynamic work environment.

The **Maihomm** app is available on Google Play Store and Apple App Store respectively:

Adsandwebb, Canada — *WordPress Developer(Contract)*

JULY 2023 – AUGUST 2023.

As a WordPress Developer at Adsandwebb (https://adsandwebb.ca), I play a pivotal role in updating and enhancing the company's website using Elementor. Collaborating closely with the design and content teams, my responsibilities include implementing changes and updates to the website, refining design elements for a visually appealing interface, and adding new categories and pages to meet evolving company needs.

Using Elementor, I ensure the website remains user-friendly and engaging by implementing content updates such as text, images, and multimedia elements. I also prioritize compatibility and responsiveness across various devices and screen sizes to optimize the user experience.

Throughout this process, I adhere to project timelines and deliver high-quality results that align with Adsandwebb's branding and objectives. With proactive communication and meticulous attention to detail, I contribute to the continuous improvement and success of Adsandwebb's online presence.

LANGUAGES

English, Yoruba.

VOLUNTEER

Volunteered for the student council orientation team at the International College of Manitoba (2017).

Codar Institute, Nigeria — *Mobile App Developer Trainee*

FEBRUARY 2023 – JUNE 2023.

At Codar, I dived into the world of mobile app development, using the Flutter dart compiler to craft applications that work seamlessly across platforms.

During this time, I built a cool Todo App, a practical courier service app, and a budget-friendly app called "Money Minder." You can check out "Money Minder" on the Google Play Store here: https://play.google.com/store/apps/details?id=com.moneyminder.money minder.

Upwork, Nigeria — *Web Developer(Contract)*

JUNE 2022 - PRESENT

As a freelancer on Upwork, I tackled diverse projects that showcased my versatility. Notable works include creating a dynamic digital marketing agency website, a construction company website, and a stylish clothing e-commerce platform.

Employing a mix of Elementor, HTML, CSS, JavaScript, and my array of skills, I delivered projects that met and exceeded client expectations. Here are links to some of my completed projects:

- Digital Marketing Agency Website
- Construction Company Website
- Clothing E-Commerce Website

National Youth Service Corps, Nigeria — *Personal Assistant*

JUNE 2021 - FEBRUARY 2022

During my service year, I was assigned to the Ministry of Agriculture in Abeokuta, Ogun State. In this role, I served as a Personal Assistant to the Director of Administration and Supplies. My responsibilities included document preparation, responding to unofficial invitations, managing files for the director, and taking detailed notes during meetings.

Lean-on Paints, Nigeria — *IT Support*

JANUARY 2020 - OCTOBER 2020

I played a pivotal role at Lean-on Paints, Nigeria, by establishing their online presence. This involved crafting a website using WordPress Elementor and actively participating in SEO strategies.

My responsibilities encompassed integrating the website into Google and Bing Search Console, as well as contributing to the development of meaningful backlinks.

SCL Express, Nigeria — *Sales Marketer*

MARCH 2019 - OCTOBER 2019

In my role as a Sales Marketer at SCL Courier Company, I actively contributed to increasing the company's visibility and customer base.

This involved hands-on approaches such as distributing flyers, creating impactful advertisement videos, and engaging potential clients through personalized calls.

Seacret Direct, MB Canada — *Sales Agent*

JUNE 2016 - AUGUST 2017

As a Sales and Marketing Agent at Seacret, a dynamic multi-level marketing company specializing in cosmetic and personal care products crafted from Dead Sea minerals, mud, and nutrients, my responsibilities encompassed not only selling Seacret products but also actively recruiting and onboarding new agents to expand the team.

Ade-Sab, Nigeria — *Data Entry Clerk*

JULY 2015 - DECEMBER 2015

During my tenure at Ade-Sab, a prominent construction company, I held the position of a Data Entry Clerk. My primary role involved meticulous data management using Microsoft Excel.

I was responsible for maintaining and organizing essential data to ensure streamlined operations within the company.

EDUCATION

Achievers University Owo, Ondo Nigeria — *BSc. Economics*

NOVEMBER 2017 - DECEMBER 2020

Completed a 4 years degree program in Economics.

International College of Manitoba, MB Canada — *Diploma*

JANUARY 2016 - AUGUST 2017

Studied at the International College of Manitoba (ICM) in the University Transfer Protocol (UTP) Stage II: Arts program with a minimum of 30 credit hours.

D-Ivy College, Ogun Nigeria — *High School Diploma*

SEPTEMBER 2009 - JUNE 2015

High school Degree Program. West African Examination Council (W.A.E.C)-2015, National Examination Council (N.E.C.O)-2015, Cambridge International General Certificate of Secondary Education (I.G.C.S.E)-2014.
